

REVOLUTION *FLEX*

WHEN YOU STAND BEHIND
REVOLUTION FLEX, YOU WILL ALWAYS BE
ON THE RIGHT SIDE OF THE THREAT.

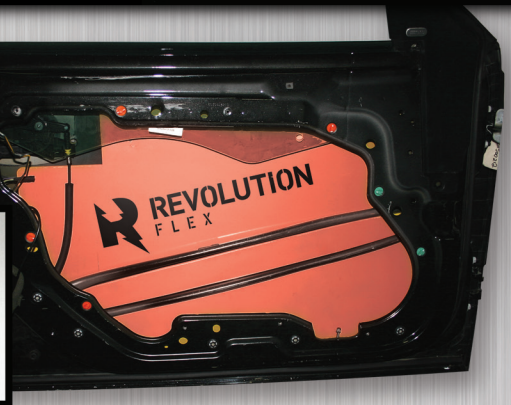

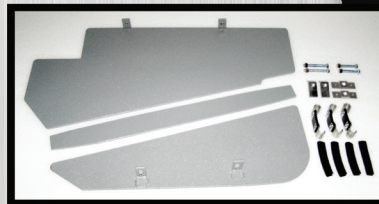

FORD INTERCEPTOR ARMORED DOORS

Revolution Flex

Revolution Flex represents the latest innovation in armor protection. Utilizing a patent-pending process, Incident Control Systems has taken the world's hardest armor-grade steel and transformed it into an incredible defeat system that outperforms all known steels used for ballistic protection by significant margins. When you stand behind Revolution Flex, you will always be on the right side of the threat.

Defeats NIJ III+ threats

38 lbs total system weight

5 Year Ballistic Warranty
