

REVOLUTION FLEX

powered by **ARMOX®**
PROTECTION PLATE

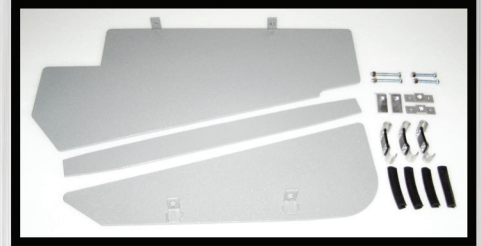

During an 8 hr patrol you will
make hundreds of decisions.
Stand behind Rev-Flex and you
will have made a good decision.

2012-2018 Dodge Charger
Pursuit Armored Doors

Revolution Flex

Revolution Flex represents the latest innovation in armor protection. Utilizing a patented process, ICS has taken the world's hardest armor-grade steel known as Armox Advance and transformed it into an incredible defeat system that outperforms all known steels used for ballistic protection by significant margins. When you stand behind Revolution Flex, you will always be on the right side of the threat.

Defeats NIJ III+ threats

38 lbs total system weight

5 Year Ballistic Warranty
